Songs

I asked some friends and family to send songs that they felt represented the Northside. Many of these songs are about being poor or feeling like less than worthy. People sent in these songs because where we live is seen as the bad area of town.

Legally Blonde

Sometimes when I think of Springfield, I think of the second *Legally Blonde* movie. Some scenes were filmed in the capitol building due to its close resemblance of the nation's capitol building.

These are some pictures of my friends and I around our school. I think it really shows how light hearted and fun we are.

These are pictures of my high school. Lanphier is a big landmark of the Northside and it's the only high school on the Northside. My school has an amazing community.

These are some other spots in the area, such as Oak Ridge Cemetery (where Lincoln is buried), Lincoln park, and a Mural.

Thanks
