

BACHELOR OF SCIENCE IN EDUCATION ELEMENTARY EDUCATION

GRADES 1-6

PREPARING GREAT TEACHERS SINCE 1895!

The Department of Teaching, Learning, & Foundations has been ranked one of the top teacher candidate preparation programs in the state. We strive to advance the scholarly preparation of pre-service and practicing teachers by providing quality instruction that exemplifies the best teaching practices for children from birth through age fourteen. Teacher candidates are able to expand their knowledge through course work, action research, and substantial field experiences. All programs consist of three semesters of integrated coursework and field experience prior to student teaching.

TEACHER LICENSURE

The Elementary Education Curriculum prepares candidates to teach reading, writing, science, mathematics, social studies, critical thinking skills and problem solving strategies to elementary students from grades one through six.

4 YEAR, FACE TO FACE ON-CAMPUS PROGRAM

You are taught by faculty who worked for many years in schools. Practicum experiences prepare the pre-service teacher with classroom opportunities prior to a full semester of student teaching. The field experience starts with observation and volunteerism working toward actual participation with lesson planning, classroom management and instructional responsibilities.
